BOTTOM RETURN
UPFLOW CABINETS TO
GIVE LONG LASTING
HIGH EFFICIENCY
PERFORMANCE.

1/4" FOAM GASKET
DOUBLE GASKETED

AN EASY IAQ
FOR YOUR CUSTOMERS

Here are key features & benefits of these filters:

PERFORMANCE:

1. **Filtration Efficiency:** The non-woven, 2-inch thick, pleated media filter is capable of trapping small particles, ensuring excellent air purification.
2. **Low Initial Pressure Drop**

FEATURES:

2" Deep with extra pleat design provides the following benefits:

- Best in class solution for your filtration needs
- Fits most Bottom Return Cabinets without modification
- Lasts up to 6 months or longer
- Supports biannual preventive maintenance schedules
- High Efficiency Media available in MERV 11 or MERV 13
- Foam Gasket ensures complete seal with no air bypass

Zephyr Filtration Media Air Cleaners are ideal for those looking to gain superior protection on equipment from dust buildup and superior performance.
